Welcome to our winter 2019/20 and summer 2020 cruise programme - our biggest ever collection of exceptional value cruising holidays. With more choice of exciting itineraries sailing from 15 UK and Ireland ports, we are Britain's leading independent cruise line.

With our fleet of small to medium sized classic style ships, we offer a more traditional British cruise experience as opposed to sailing on the vast mega resort style ships built today. We present a more leisurely and friendly 'home from home' style of cruising and maritime experience, accessible to a much wider choice of interesting and remote ports of call.

Our aim is to attain high levels of customer satisfaction by providing comfortable accommodation, delicious cuisine, stylish entertainment and attentive service. We strive to ensure that our guests return home with many fond memories and will want to cruise with us again and again.

For winter 2019/20, the Canary Islands & Madeira, Amazon & West Indies or Africa & Indian Ocean may tempt you to escape the cold. Columbus' 120 night Grand Round the World Cruise must be the ultimate voyage of a lifetime with shorter sector cruises also available. And, *Vasco da Gama*, new to the CMV fleet, can take you in style and comfort on a voyage to or from Australia.

The summer 2020 programme includes a wide and varied selection of cruising holidays to the breathtaking Norwegian fjords; glorious Baltic cities & Russia; Iceland; the Canary Islands & Madeira; Iberian highlights & Morocco; the River Seine and closer to home, our ever popular British Isles cruises. Then there's the spectacular Land of the Northern Lights, Arctic Greenland and North Cape & Spitzbergen.

We look forward to the pleasure of welcoming you on board one of our ships in 2020.

COLUMBUS CLUB

Columbus Club is the Cruise & Maritime Voyages loyalty scheme.

Over 40% of our guests are repeat CMV cruisers and so we want to reward that loyalty with a special Club and range of exclusive benefits. Details of how to qualify and the tiers of membership together with the applicable benefits and rewards are available at:

www.cruiseandmaritime.com/columbus-club

At Cruise & Maritime Voyages, we aim to offer a more traditional and leisurely style of cruising and maritime experience aboard our classic-style cruise ships where the emphasis is very much on providing attentive service within a friendly ‘home from home’ atmosphere. These small to mid-size ships are accessible to more ports of call than the larger resort ships built today, enabling us to offer some truly innovative itineraries.

CMV is the UK’s leading independent cruise line dedicated to providing high levels of customer service. Our friendly and experienced Reservations Team is here to assist you, or your travel agent, with any information you need prior to booking, and our website has been carefully designed to make it easy to navigate.

The start of your cruise holiday should be a stress-free experience too, that allows you to step on board ready to be pampered and waited on. After check-in formalities, you will soon be making your way along the gangway and welcomed aboard by a steward who will direct you to your cabin.

Your comfort is a priority for the staff of our Hotel and Housekeeping Departments and we are proud that our crew consistently earn praise for their roles in ensuring that our guests leave the ship with a feeling of having been really well looked after. Sterling is the currency on board *Columbus*, *Magellan*, *Marco Polo* and *Astoria*, so there’s no need to worry about currency exchange.

Cruising for Adults Only

In 2020, *Magellan*, *Marco Polo* and *Astoria* will operate as ‘child free’ ships. This means that you can enjoy the pleasures of cruising in the company of adult passengers only. We will accept teenagers who are 16 years old or above at the time of sailing, but they must be accompanied by adult passengers. *Vasco da Gama* does accept a limited number of families, although there are no specific children’s facilities.

Multi-Generational Cruising

Although *Columbus* operates essentially for adults, we are offering two Multi-Generational cruises, with no age restriction, during school holiday periods. These cruises enable the whole family to enjoy quality time together. Look out for the ‘smiley face’ symbol indicating these cruises. Please note that there are no specific children’s facilities on board *Columbus*.

Solo Cruisers

For singles travelling on cruises of six nights or more, we offer a special programme of events including a welcome cocktail party and get-togethers with the opportunity to meet like-minded travellers.

It’s a celebration!

Celebrate a special birthday or anniversary, or just spoil yourself, by ordering a beautiful floral display in your cabin, a selection of fine wines or a relaxing spa treatment. We can even arrange a wedding vows renewal ceremony with the Captain and officers. Full details will be sent with your pre-sailing information around two months before you sail.

Discover & Explore

To enhance the enjoyment of your cruise, we have created a wide choice of optional shore excursions designed to maximise your time at each port of call. Details will be announced approximately two months before you sail. As numbers on some tours may be limited, we recommend that you take advantage of our pre-registration service to ensure that you don’t miss out.

The dining experience

Whether you are cruising in the Baltic Sea or the Pacific Ocean it is guaranteed that nothing whets the appetite like sea air. You'll therefore have even more reason to anticipate the feast of delights freshly prepared by expert chefs and served by attentive restaurant staff. Opt for a full English breakfast, savour a leisurely lunch and enjoy a sumptuous five-course dinner each and every day of your cruise.

Our carefully constructed menus present a blend of traditional cuisine and international specialities that will make your mouth water. For many of our guests, dining in the ship's elegant restaurant is the high point of the day. Starters followed by delicious soups and light salads give way to delicious main courses ranging from appetising seafood and Italian pastas to mouth-watering steaks and traditional roasts. Finish with a tempting dessert or cheese plate, coffee or tea. Tasty vegetarian meals and healthy options are featured on every menu. And, whatever you choose to eat, you can accompany your meal with a selection from the ship's extensive wine list.

Breakfasts and lunches are generally served in the restaurants on an open seating basis. Check the onboard Daily Programme for timings and then come when you choose. For dinner in the evening, we operate two sittings and your preference should be requested when booking your cruise. And, if you, or a member of your party, have a particular dietary requirement, then please let us know in advance so that we can meet your requirements. Please note that on *Vasco da Gama* dining will be flexible and not fixed to specific sittings.

As a casual alternative to our formal restaurants, enjoy a more relaxed buffet-style meal served up with a complimentary ocean view! Add in the afternoon teas, late night snacks and traditional shipboard occasions such as the Captain's Gala Dinners, and the pleasures of the table will surely tempt you from the moment you sit down to dinner on your first night aboard until that final breakfast as you prepare to disembark.

Speciality dining

All our ships feature one or more specialty restaurants offering yet further dining options. Perfect for that special occasion or just to treat yourself; and why not, you're on holiday! There is a supplementary charge for dining in these speciality venues.

The ultimate dining experience

We are delighted to offer *Columbus*, *Magellan* and *Vasco da Gama* guests The Chef's Table, an exclusive VIP multi-course dining experience, specially created and hosted by the Executive Chef.

Enjoy a private sparkling wine cocktail and canapés reception, a tour of the galley in operational mode and a splendid 9 course menu accompanied with specially selected wines. The Executive Chef remains with the guests throughout the meal, describing the ingredients and techniques used to produce each of the courses. The Chef's Table experience can be reserved on board at an additional charge.

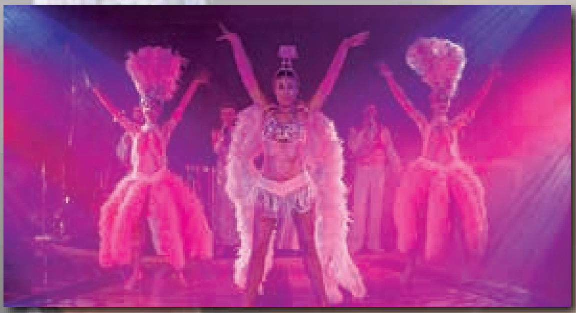
Glittering Entertainment

At Cruise & Maritime Voyages, we recognise the importance of offering a very high standard of evening entertainment brought to you by our experienced Cruise Directors and entertainment hosts. It is their aim to ensure that you have an unforgettable cruise holiday and present a truly wonderful and varied entertainment programme. With stylish productions, guest acts, cabarets and classical interludes, there's something for everyone.

After a busy day ashore, many passengers look forward to a relaxing evening of dining and entertainment. A glance through the ship's programme, delivered to your cabin each day, will ensure that you don't miss out on what's in store around the ship. The highly acclaimed entertainment team invite you to join them in the Show Lounge where they will display their talents in a glittering and colourful performance accompanied by the ship's live orchestra.

These stylish shows are complemented with our carefully chosen speciality acts and guest entertainers to add variety to the evening entertainment on offer throughout your cruise. Elsewhere on board, our variety of popular cabarets are for your listening pleasure and, if the night is still young, enjoy tracks from our late night DJ.

If however it is quieter pleasures that you prefer, how about a liqueur and good conversation; listening to a classical interlude from our resident pianist and violinist; a few hands of cards; or making up a table for a syndicate quiz. And whenever you decide to call it a night, round off a perfect evening with a stroll on deck knowing that the welcoming haven that is your cabin is just a short walk away.



Daytime activities

During days at sea, our entertainments team will arrange activities ranging from a morning quiz to an afternoon dance class. You may choose from a work-out in the gym; a make-over in the beauty salon; a swim in the pool or something a little less energetic in the form of curling up with a good book. Perhaps listen to a speaker or learn a new skill from one of our arts and crafts specialists. The choice is yours!

Columbus – flagship of the fleet

At 63,786grt, *Columbus* was purpose built for deep sea ocean cruising. She underwent an extensive refit in August 2015 and was upgraded further in May 2017. She is the perfect choice for those looking for comfort and a wider range of facilities.

Enjoy breakfast, lunch and dinner at the beautiful Waterfront Restaurant or opt to dine at the Indian Fusion or Grill speciality restaurants (supplements apply). For something more casual, there's the buffet style Plantation Bistro or, when the weather is fine, the Alfresco Grill. *Columbus* offers a choice of seven different lounges and bars including Connexions, Raffles, Taverner's Pub and Captain's Club & Casino.

The six entertainment venues include the impressive three-decked Atrium, Dome Observatory & Nightclub and Palladium Show Lounge. The Trumps & Aces bridge and card room is complimented by the comfortable Ship's Library plus there's a dedicated Crafter's Studio. Work off a few pounds in the gym and then relax at the well-appointed Jade Spa.

Columbus offers expansive deck areas and promenades with traditional wooden decking, two swimming pools, two whirlpools and a large screen for outdoor movies and sporting events.

She has 775 passenger cabins including 64 de luxe balcony cabins and junior suites.

Columbus is the proud flagship of the Cruise & Maritime Voyages fleet. This splendid mid-sized cruise ship carries about 1400 guests and enjoys a fine reputation on the British cruise market offering the same traditional British cruising style and friendly, attentive service that CMV is known for.

The impressive Magellan

CMV
MAGELLAN

Magellan's wide corridors and stairways and expansive deck areas with traditional wood type decking in many areas, exude a real feeling of spaciousness and she is the perfect choice for those looking for a greater range of on board facilities. However, she still retains a feeling of intimacy and personal attention when compared with the 'mega' resort style ships built today.

Magellan has two beautifully appointed dining rooms; the Waldorf and Kensington Restaurants, the more informal Raffles Bistro for casual dining and the Indian Fusion speciality restaurant (supplement applies). The magnificent tiered Magellan Main Show Lounge spans the height of two decks and is complemented by a host of superb lounge bars, the Taverner's Pub, Cappuccino's coffee shop, Livingstone library, Trumps & Aces card and bridge room, casino, gym and shopping galleria. ✈ Cruises from Rotterdam

On a number of *Columbus* and *Magellan* sailings from London Tilbury, guests can choose to join the ship in Rotterdam. If you live in Scotland, Ireland or the North of England, a flight to Amsterdam may be more convenient than travelling south to Tilbury. Take the train from Amsterdam Schiphol Airport to Rotterdam Centraal (approximately 26 mins). It's a short taxi ride (2.5 miles) to the cruise terminal. Cruises departing from Rotterdam are indicated on the calendars at the back of this brochure.

By sailing from the UK, you will avoid many of the hassles so often associated with flying and start your holiday from the moment you step on board. With many of the leading cruise lines sailing only from Southampton, Cruise & Maritime Voyages has created an exciting and varied programme of convenient regional departures – bringing cruising closer to home.

A cruising holiday is simply like no other, combining the fascination of lazy days at sea, great food and entertainment, making new friendships, ever-changing vistas and visiting new places. It gives a unique sense of exploration and discovery experienced in the civilised comforts of today. Where else can you find a holiday where you will visit lots of different places and your hotel moves with you. No packing, no hassle, no worries. The range of cruises we offer is wide with our smaller to mid-sized cruise ships able to access more ports of call than many of the mega resort-style vessels.

Explore elegant and historic Baltic cities; witness the stunning scenery of the Norwegian fjords; discover charming off-shore British Isles; take a short break to European cities; cruise to dramatic Iceland; escape to the warmth of the Canary Islands or discover highlights of Spain, Portugal and Morocco. There is even the chance to voyage to Arctic Greenland or to remote Spitzbergen, the North Cape and the Land of the Midnight Sun.

In the autumn and winter, we include a number of popular departures in search of the spectacular phenomenon that is the Northern Lights. Alternatively, escape the winter on an epic voyage to Africa and the Indian Ocean; a Christmas cruise to the Canary Islands and Madeira; or voyage to the sun-splashed Caribbean and the amazing Amazon.

In January 2020, *Columbus* will set sail from London Tilbury on a 'round the world' grand voyage. This epic 120 night adventure will take you away from the cold, grey days of winter on a circumnavigation of the globe – a voyage of a lifetime.

Stylish *Vasco da Gama* offers a unique liner service between the UK and Australasia. These premium voyages offer a unique opportunity to experience the bygone halcyon days of long distance sea travel aboard this exquisite new addition to the CMV fleet.

Explore the history and heritage of our enchanting islands

Made up of over six thousand islands boasting spectacular coastlines and beautiful landscapes, the British Isles is rich in diverse cultures, customs and traditions. Our unique itineraries taking you to remote, far-flung islands, iconic cities and charming coastal towns offer a fantastic opportunity to explore some of the best of both Britain and Ireland, and uncover the fascinating history that has bequeathed our island nation with a remarkable heritage.

Between the remote Shetland Isles and Outer Hebrides in the north and the secluded Isles of Scilly and Channel Islands in the south, the British Isles promises a truly fascinating cruising experience. Invergordon gives the perfect opportunity to discover the breathtaking Scottish Highlands where romantic castles and tales of clan feuds compete with legends surrounding a monster in Loch Ness.

Kirkwall is gateway to the Orkney Islands with some six thousand years of history etched into the rugged landscape. In the stunningly beautiful Outer Hebrides, Stornoway is a window on the traditional crofting, weaving and fishing at the heart of the Gaelic culture.

On the picturesque Isle of Mull, Tobermory's colourful waterfront is picture-postcard perfect. Perhaps visit the neighbouring Isle of Iona, the 'cradle of Christianity'. Drop anchor off the tranquil Isles of Scilly, a highlight of our British Isles cruises, and maybe visit Tresco's famous Abbey Gardens.

With its cobbled streets and attractive marina, St Peter Port is a delightful introduction to Guernsey in the Channel Islands. Explore this picturesque island with its beautiful sandy bays. Ireland is of course the Emerald Isle and a visit to bustling Dublin reveals a charismatic capital with many historic buildings including St Patrick's Cathedral, Dublin Castle and Trinity College.

Cruise Highlights

A cruise around the British Isles is the best way to really discover Britain and Ireland's rich history and heritage. Here are just some of the highlights…

- Skara Brae, a beautifully preserved Neolithic village, is Orkney's oldest monument and the Ring of Brodgar is one of the finest stone circles anywhere.
- See the dramatic Callanish Standing Stones on the beautiful Isle of Lewis in the Outer Hebrides. Dating back to 1500 BC, the stones, which are laid out in the form of a cross with a circle in the centre were amazingly aligned to the sun and the stars.
- During your visit to Dublin it would be remiss not to indulge in a glass of the 'black stuff', the creamy Guinness that has become synonymous with Ireland.
- Discover why the unique Isles of Scilly seem a world apart. Although only 28 miles off the tip of southwest England, the sub tropical islands have a tranquillity and a quality of life very different from the mainland.
- Enjoy a traditional Guernsey cream tea as you discover the charms of this delightful island, a little piece of Britain though it is geographically closer to France.

Highlights depend upon the cruise itinerary and may be subject to pre-registering for and the operation of specific shore excursions, and /or weather conditions.

The gentle charms of Hardangerfjord can be enjoyed from the village of Eidfjord along with the largest high mountain plateau in Europe, the Hardangervidda National Park. With its quaint cobbled lanes, old Stavanger has northern Europe's largest and best preserved 'wooden house' settlement. From here, take a cruise along scenic Lysefjord and view from below, the famous 'Pulpit Rock' jutting out from the rocky terrain. The village of Geiranger promises nature at its most impressive. With its deep emerald green waters, steep lush and rocky walls, endless waterfalls and background of snow-capped peaks, Geirangerfjord is considered Norway's most beautiful fjord.

- From Húsavík, reached from Akureyri, watch for whales, dolphins and porpoises. Mink whales frequent these waters, but also visible can be humpback whales, fin whales, blue whales and square-headed sperm whales.
- The beautiful crescent shaped Godafoss, ‘Waterfall of the Gods’, obtained its name when the chieftain, Thorgeir, made a declaration in favour of Christianity by throwing his carvings of the pagan Norse gods into the falls.
- Enjoy one of the smallest capitals in the world - Tórshavn, in the remote Faroe Islands. Just 18,000 inhabit this modern town, gateway to beautiful Streymoy Island.

Highlights depend upon the cruise itinerary and may be subject to pre-registering for and the operation of specific shore excursions, and /or weather conditions.

Voyage in search of the Aurora Borealis

The Aurora Borealis, better known as the Northern Lights, is nature's natural lightshow - a dazzling display of vivid green and pink hues that swirl and dance across the winter skies of the Northern Hemisphere. It is the natural phenomenon that literally brightens dark winter nights and draws thousands of onlookers every winter.

Cruise deep into the Arctic Circle to lands rich in natural wonders and populated by Sami tribes who have lived off the harsh terrain for generations. This is a place where nature and adventure go hand in hand on snowmobile expeditions through silent forests or husky safaris where visitors can take command of their own dog sled. Perhaps stop for a break at the Igloo Hotel, freshly built from snow and ice every winter near the Norwegian town of Alta, and enjoy a refreshing drink served in a glass made of ice.

Tromsø, the so-called 'Gateway to the Arctic', is one of the best preserved cities as its historic buildings escaped wartime damage. Above all, Tromsø and Alta are among the best places in Norway to witness the Northern Lights. Built on three islands with a dramatic mountain back drop, Ålesund is known for its architecture as one of the world's few Art Nouveau cities and a unique place to explore. From Åndalsnes, choose to relax on the Rauma Railway, cutting through the mountains and along the fast-flowing river, affording dramatic vistas of stark jagged peaks and attractive waterfalls.

Embrace the elements in wonderful Iceland; discover the wonders of this 'Land of Fire and Ice'; and If conditions are favourable, you could experience the magic of the Aurora Borealis. Then, relax in the Blue Lagoon and uncover the culture of cosmopolitan Reykjavík. It could be the experience of a lifetime.

Autumn Voyages to the Land of the Northern Lights

As an alternative to cruising in the winter, we also offer Northern Lights voyages in the autumn, when there is likely to be less snow but sightings of the Aurora are still extremely good.

Cruise Highlights

This special voyage promises a wonderful discovery of the Norwegian winter landscape, and a chance to search the night sky for the truly spectacular Northern Lights.

- Visit the impressive North Cape, the most northerly point of Europe, where the sheer cliff rises more than 300m above the Arctic Ocean.
- Look over the 'Arctic City' of Tromsø from the summit of Mount Storsteinen reached by an exciting cable car ride.
- From Alta travel into the wilderness and from a viewing site where warm drinks are available you can watch the night sky for the infamous Aurora Borealis.
- Sip a cool drink in the ice bar of the Igloo Hotel on the banks of the Alta River. There may even be the opportunity to stay the night in this unique hotel made entirely of ice and snow.
- For a unique and thrilling experience, choose a husky or snowmobile safari across the wintry landscape.
- From Reykjavik, visit beautiful Thingvellir National Park, thundering Gullfoss Waterfall and spouting Strokkur Geyser on Iceland's spectacular Golden Circle tour.

Highlights depend upon the cruise itinerary and may be subject to pre-registering for and the operation of specific shore excursions, and/or weather conditions. Viewing of the Northern Lights is subject to suitable atmospheric weather conditions.

All fares are per person in Pounds Sterling based on two adults sharing a twin cabin. Saver Fares are rounded up to the nearest £9. For Voyager Fares (IG and OG) we will allocate a guaranteed cabin for your chosen grade of accommodation.

General Information

Please carefully read this General Information, which contains useful details that you need to know before you book your cruise holiday. Should there be some additional information that you require, or you have questions about any aspect of your cruise, please do not hesitate to contact us. More detailed information will be forwarded in our pre-sailing booklet around two months before you sail.

Baggage

There is no restriction on the amount of luggage that you may bring on board the cruises which depart from and return to the UK. If you are travelling on a fly-cruise, or are flying to your UK embarkation port, the amount of accompanying baggage will be limited by the airline baggage allowance, which is usually 15-20kgs per person, dependent on the carrier. In order to reduce the risk of accidental damage during baggage handling, please do not over-pack your suitcases and also ensure that no one item of baggage weighs more than 23kgs/50lbs or porterage services may be refused. As there are no separate Baggage Room facilities aboard our ships, it should be noted that all baggage must be stored within the cabin. Under bed storage is available in most cabins for suitcases not exceeding 23cms depth. We strongly recommend the use of security locks for your luggage for all parts of your journey. Jewellery, medication, travel documents, passport and other valuables should be kept in your hand luggage. All baggage should be clearly labelled, do not forget to specify your name and cabin number on the luggage labels. The Company has limited responsibility for any loss or damage to your luggage during transit to or from the ship. In case of loss or damage advise the carriers involved and your insurance company.

Booking Conditions

In order to travel aboard our ships, it is important that passengers read and accept, or in the case of web bookings, acknowledge that they have read the Booking Conditions, which cover the detailed terms and conditions under which bookings are accepted. It is the passenger's responsibility to ensure that all the ship's manifest information, including, but not limited to, full names, dates of birth, passport details, travel insurance and medical declarations are provided to the company in a timely manner. Failure to provide such information and a signed acknowledgement of our Booking Conditions could result in a delay in boarding at Embarkation or, in extreme circumstances, the permissions to board being refused.

Brochure Information

The information contained in this brochure has been checked for accuracy and is correct at the time of printing in April 2019. Worldwide events subsequent to this date may necessitate unavoidable alterations to our planned schedules. Any such changes deemed to be significant or fundamental to your booking will be advised to you accordingly. It should also be noted that the destination photography and maps are generic to the locations depicted and may not be a specific representation of sights or images to be viewed in a particular port of call on the cruise booked. Similarly, cabin photography is typical of the category shown but individual furnishings and colour schemes may vary within the same cabin grade.

Children and Teens

Please note that Magellan, Marco Polo, Astoria and Columbus are child-free and therefore for the enjoyment of adult passengers only (16 years and above at the time of sailing), with the exception of our advertised multigenerational cruises (C015, C015A, C016 & C016A). There are no dedicated recreational facilities for children aboard Vasco Da Gama but nevertheless accompanied children and teenagers under the age of 18 at the date of sailing are of course welcome on board and, when occupying a third or fourth berth in a cabin with two full fare paying passengers, travel at the beneficial rate shown under the 'Fares' boxes. Children and teens under the age of 18 at the date of sailing but occupying a twin cabin with just one accompanying adult, are charged at the full adult fare.

Dress Code

During the day, attitudes are very relaxed and informality is the key. Casual clothing is quite sufficient during the days at sea and for time spent ashore. On certain shore excursions and at some religious sites, discretion should be used so as not to cause inadvertent offence with inappropriate clothing. Advice will be given on board in such cases. Every day, the Daily Programme suggests, as a guide, a mode of dress for that particular evening's events. Generally there are two 'formal' or gala nights planned on each cruise when many gentlemen wear a dinner jacket, although a lounge suit is quite acceptable. The ladies on these occasions have a chance to dress up and often opt for evening or cocktail dresses. On evenings proposed as 'smart', a suit or smart jacket and trousers, with or without a tie, for the men is suggested and the ladies have further opportunities to look elegant in a cocktail dress, trouser suits and stylish co-ordinates. A 'casual' recommendation often covers evenings spent in port or when a special event such as a deck party is scheduled. In these cases, the choice of dress is left entirely to you.

Duty Free Sales

The on board shops are open daily when each ship is at sea, but local customs regulations do not permit the sale of duty free goods whilst a ship is in port. It should be noted that liquor and tobacco products purchased will only be delivered to your cabin on the last day of the cruise. Drink and tobacco may of course be purchased throughout the cruise from the ships' bars at the listed shipboard prices.

Electrical Appliances

All cabins feature 110v and 220v current and have an electrical socket to allow small appliances such as electric shavers, electric rollers and hair stylers to be used. Each cabin is equipped with a hair dryer. It is advisable to bring a UK three pin to European round two pin universal adapters (All cabins on Columbus have UK 3 pin sockets) in order to access electrical supply in the cabins. For safety reasons, irons and water heating devices are not permitted to be used on board. Vasco Da Gama & Columbus both have an ironing room facility for those passengers who wish to iron their own garments.

Embarkation/Disembarkation Arrangements

The embarkation procedures at UK ports normally commence four hours prior to the published sailing time. At final disembarkation, you should allow approximately 90 minutes from the scheduled arrival time before disembarkation will commence. The full embarkation procedures and timings will be confirmed when tickets and cruise documentation are dispatched, usually 14 days prior to sail date.

Extras not included

Please refer to page 4 for what is included in the fare. Unless otherwise stated, the following extras are not included: - travel insurance; travel joining costs to the port of embarkation (except for fly-cruises where specified); optional shore excursions; port parking; on board expenditure of a personal nature i.e. drinks, gifts, shopping, laundry, communications etc; any visa & health certificate charges that may apply; and crew gratuities which will be automatically billed to your on board account.

Fares

All fares published in this brochure and on our website for Vasco Da Gama are cruise only per person and exclude the outward and/or return cost of flights and/or transfers to/from the port of embarkation or disembarkation.

Financial Protection

Many of the flight-inclusive holidays in this brochure are financially protected by the ATOL scheme. But ATOL protection does not apply to all holiday and travel services listed in this brochure. Please ask us to confirm what protection may apply to your booking. If you do not receive an ATOL Certificate, then the booking will not be ATOL protected. If you do receive an ATOL Certificate but all the parts of your trip are not listed on it, those parts will not be ATOL protected. Please see our booking conditions for information, or for more information about financial protection and the ATOL Certificate go to www.atol.org.uk/ATOLCertificate

Flight Information

Our fares for fly-cruises are based on economy class scheduled/low cost/charter flights. Regional flights and upgrade options may be available at a supplement and subject to availability. It should be noted that our contracted fares may not always be available. In this case we will offer you the best available flights at a supplement which will be advised to you before you book. The earlier you book, the more chance you have that our low contracted fares are available. All flights are subject to availability and the Carrier's terms and conditions of carriage and baggage restrictions (normally 15 – 20kgs per person unless stated otherwise). We reserve the right to determine the carrier and routing.

Force Majeure

Except where otherwise expressly stated in these booking conditions, we regret we cannot accept liability or pay any compensation where the performance or prompt performance of our contractual obligations is prevented or affected by or you otherwise suffer any damage (or as more fully described under Our Responsibility in our main booking conditions) as a result of 'Force Majeure'. 'Force Majeure' means any event which we or the supplier of service(s) in question could not, even with all due care foresee or avoid. Such events may include war or threat or war, riot civil strife, actual or threatened terrorist activity, industrial dispute, natural or nuclear disaster, adverse weather conditions, fire or similar events outside or our control.

Gratuities & Service Charge

We operate an automatic gratuity system whereby an amount of £7.00 per person per night (this amount reduces to £6.00 per person per night) for cruises

General Information

of greater than 16 nights duration and for Vasco Da Gama $12.00 per person per night ($10.00 per person per night for cruises of more than 11 nights duration) is automatically added to your onboard account. This also includes all service charges for drinks etc.

All gratuities are collated, so a portion goes to each crew member, who helps to make your cruise special. This is not only distributed to your cabin steward and your waiter or bar attendant; it is also between the hidden stars behind-the scenes, such as laundry operatives and kitchen staff, who you might never get to meet in person.

If you notice an issue that makes you think twice about our service charge, be sure to speak with the Front Desk who will try to resolve the matter before removing gratuities becomes necessary. Even if you had a negative experience with a particular employee, seriously consider whether it warrants removing your gratuities altogether, keeping in mind that because of one crew member the whole team is affected. We offer a choice of four excellent value 'CMV Additions' package options that include gratuities, service charges and other extras so that you can budget accordingly and avoid any extra costs. Savings are available on these packages when booked and paid before your cruise.

Guaranteed Cabins
If we accept your booking but are unable at the time to quote you a specific cabin number, or you have booked one of the Voyager Cabin Guarantees that are available on certain cruises, we shall allocate you a 'guaranteed' cabin at the fare quoted for your chosen grade of accommodation. Please note that you may ultimately be berthed in a higher grade of cabin for the same price, but in some circumstances, this may be located on a lower deck, or have an obstructed view. In most cases, the cabin number will be confirmed at the ticketing stage; however, we reserve the right to make changes up to the time of embarkation.

Health Requirements
Please check with your health care professional for up to date information on health and travel alerts from the countries you are visiting. It is the responsibility of passengers to ensure that they comply with all health and vaccination requirements and are adequately protected. You can also access online information resources from the World Health Organisation website at www.who.int/vaccines-diseases and the Centres for Disease Control website at www.cdc.gov/travel. At the time of going to press, passengers booked to travel on the following cruises are required to obtain a Yellow Fever inoculation in advance of sailing; Columbus's World Cruise C005 sailing 6th January 2020 (and selected sectors), Magellan's G022 Amazon, West Indies & Azores, Marco Polo's P005 Grand Africa & Indian Ocean Voyage Sailing 6th January 2020 & Vasco Da Gama V001 Southbound to Australasia.

Further details of this will be sent with Pre-Sailing information. Useful up to date information is also available at:

Holiday & Accommodation Information
In this edition of our brochure, we have endeavoured to provide as much essential information as space permits about our ships. However, please bear in mind that from time to time, certain facilities, activities entertainments and shore excursions may be altered or withdrawn due to adverse weather conditions, lack of demand, essential maintenance work or other reasons beyond our control.

International Date Line
Please note that the durations stated for cruises that cross the International Date Line are based on the calendar year. These cruises are however priced accordingly to take account of any lost or gained days when crossing the Date Line.

Itineraries
It should be noted that the cruise itineraries published in this brochure are subject to amendment. Should major changes to the ports of call, other than timing adjustments or the order in which they are visited, become necessary we shall endeavour to notify you in advance. Please note that in the event of adverse weather or sea conditions that prevent a vessel from calling at one of the scheduled ports of call, alternative arrangements will be made where possible. This is particularly pertinent to cruises around the waters of the British Isles. The order of visiting scheduled ports of call may also be varied due to congestion, tidal or other operational reasons. It should also be noted that the viewing of natural phenomena such as the Aurora Borealis or the Midnight Sun are entirely dependent on favourable weather and/or atmospheric conditions at the time.

International Passengers
Whilst our cruises are ostensibly sold to the British cruise market, we continue to welcome passengers of other nationalities.

Manage My Cruise
Our online facility Manage My Cruise, accessed through our website, enables you to view your booking at any time and complete or amend the personal information of all of the passengers on your booking. Visit www.cruiseandmaritime.com and click on 'Manage My Cruise' on our home page. Please also see the Online Booking section below.

Medical Declarations
In the interest of your own safety and well-being, you must be fit and healthy to take your cruise and all other travel arrangements that you book with us. Therefore, the Company must be advised at the time of booking of any pre-existing medical condition and of any change to a passenger's condition that occurs between booking and the sailing date. Medical Declarations, made either online at Manage My Cruise or on the Company's official form, will be required by all passengers including those who a) are pregnant or b) have a psychological or physical disability, including mobility limitations. Cruise & Maritime Voyages reserves the right in its absolute discretion to refuse boarding to persons who in the opinion of the Company's Medical Consultant are unfit to undertake the cruise or who have failed to make full disclosure of the nature of their condition. Upon arrival at the embarkation port, you will also be required to complete a Public Health Questionnaire. If you have suffered from any viral symptoms such as diarrhoea, vomiting or flu-like symptoms within the 48 hours before sailing, you must immediately contact your GP and notify us providing details of the symptoms suffered. Based on the information you provide, if we reasonably feel that you are not fit to travel, we will not allow you to board. The Company regrets that it cannot accept bookings from passengers who will be twenty-eight weeks pregnant or more by the end of their cruise. Please note that a failure to disclose a specified medical condition may additionally invalidate your travel insurance.

Medical Services
The services of our qualified medical staff are available to you on board in the event of 'mal de mer' or an emergency. It should be noted that the NHS does not cover treatment on the ship and there is a scale of charges for surgery visits and medical treatment. Such charges, which are usually claimable under your travel insurance policy, less any excess amounts, must be paid in full prior to your final disembarkation. Seasickness tablets are available from Reception at a nominal charge.

Mobility/Special Needs
If you or one of your travelling companions has a mobility limitation or special needs, it is essential that you contact our office to allow us to discuss your requirements before you make a booking. Firstly though, please read the panel headed 'Maritime Passenger Rights' within the Booking Conditions on page 103 as this contains important information. In the interests of safety, and in order to ascertain whether you or members of the party travelling with you have specific mobility or other special needs, you will be asked a series of questions. The answers to these will enable us to determine that you, any other person in your booking, and any equipment that you or they are intending to bring on board can be carried safely for the duration of your cruise. This will then be confirmed in writing to you and will enable your booking to proceed. A cruise is quite unlike a land-based holiday and the ships of our fleet are not ideally suited to prospective passengers in wheelchairs or those who have limited mobility. It should be noted that the layout of the ship could considerably restrict such passengers' movement around the vessel and indeed preclude access to some of the ports of call, where gangway conditions are not conducive, or passengers are conveyed ashore by tender. At anchorage ports, access to or from the tenders or launches requires a certain level of mobility which is necessary to manage the steps to the tender platform and to physically board and disembark from the vessel. It should therefore be noted that, on safety grounds, those with restricted mobility may be unable to go ashore at such ports.

On Board Payments
All prices on board Magellan, Marco Polo, Astoria and Columbus are quoted in Sterling and in Australian Dollars aboard Vasco Da Gama. A cashless system is in operation for all of your on-board purchases. An account is opened for you at the start of your cruise and you sign a debit when purchasing goods and services on board. This is charged to your shipboard account and a final invoice is presented at the end of the cruise itemising all charges. This can be settled by Travellers' Cheques, which incur a 3% transaction fee, or by MasterCard or Visa credit cards, or by Visa debit cards, and of course, cash. It is not possible to use personal cheques to settle on board accounts. The Reception staff also offer a facility to purchase small amounts of certain foreign currencies for use in some of the ports of call. Please note that in payment of your onboard account an extra charge may be levied by your issuing bank for using your credit/debit card. Please note that we do now accept Pre-Paid Credit Cards (showing the VISA or Mastercard symbol) on our vessels.

General Information

Online Booking
For a quick and convenient way to make your cruise booking, please book online at our site www.cruiseandmaritime.com. Our online booking service offers you a choice of cabin numbers and an immediate confirmation sent direct to your e-mail address. Once made, you can also view and maintain or add additional information through our Manage My Cruise facility, described above.

Passports
A passport is essential for all cruises, including mini-cruises and sailings around the British Isles and Republic of Ireland and all British Citizens must hold a full ten year passport. Many countries, including most of those visited during the winter cruise programme and on the Astor cruise schedule, require visitors to hold passports that have at least six months validity beyond the return date of the cruise. It is the responsibility of holders of non-British passports to check with the relevant consular authorities of the countries to be visited to ascertain if there are any specific restrictions or requirements for their planned itinerary. Any passenger arriving at the departure port without a passport, or with the incorrect documentation, will not be allowed to embark. Such circumstances are not covered by insurance and no refund claims will be entertained.

Pullman Berths
A number of cabins can accommodate a third or fourth passenger in upper Pullman berths. Such berths are accessed by a short ladder, which is stored in the cabin and when not in use, the berths are folded back against the cabin wall. Potential occupants of Pullmans therefore need to be to sufficiently fit and able to climb the ladder to reach their berth. Please refer to the deck plans to ascertain which cabins offer Pullman berth capacity for additional occupants. For multigenerational sailings, we suggest that no children under the age of 8 utilise an upper pullman berth for safety reasons.

Quality Control
In order to maintain a high standard of customer service, please be aware that telephone calls made to our Reservations & Customer Services Departments are recorded for monitoring and training purposes.

Refreshment Facilities
Complimentary tea and coffee is available from the relevant refreshment station on each ship between the hours of 06.00 and midnight each day (with the exception of Magellan, Columbus & Vasco da Gama which are 24 hours). Outside of these times, you may purchase hot drinks and a range of speciality coffees from any of the ship's bars.

Restaurant & Table Reservations
Whilst breakfasts and lunches are generally served in the restaurant on an open seating basis, two sittings with allocated seating are operated for dinner in the evening. On days at sea, these sittings are normally timed to commence from 18.00hrs and 20.15hrs and these timings may vary during port days. You should state any preferences for a particular dinner sitting and/or table size at the time of booking. Please note that requests for specific dining sittings and/or table sizes will be treated strictly on a 'first come, first served' basis and will be subject to availability. Whilst every effort will be made to accommodate preferences, no guarantee or confirmations can be given. In the case of Vasco Da Gama, dining will be flexible and not fixed to specific sittings.

Safety on Board
Shortly before the ship sails, or if this is not possible within 24 hours of departure, a full safety drill will be held, and this compulsory exercise will give passengers precise information of what to do and where to muster in the event of an emergency on board as well as important instructions about life jackets and the emergency procedures in place. In the event of adverse weather or sea conditions it is important to take extra care moving around the ship, making use of the handrails and heeding any special instructions given over the P.A. system. In certain sea conditions, use of the passenger lifts may be suspended for the duration and outside cabins on the lower decks may have protective covers, known as deadlights, placed over their portholes. These covers will therefore exclude natural light from the cabins affected. Such restrictions will be lifted as soon as it is practicable

Security
For your complete security and peace of mind, there are stringent security measures in force, particularly at UK ports. All cabin baggage will be electronically screened, hand baggage may be examined, and you will be required to pass through an X-Ray arch prior to boarding the vessel. At embarkation you will be issued with a personalised ID card which is used for gangway control purposes and validates you as a bona-fide passenger.

Shore Excursions
An attractive programme of optional excursions is offered at each of our ports of call. The exact content and pricing of the programme will be finalised closer to your cruise. You will be sent full details, including information on how to pre-register for your excursions online or by post, with your pre-sailing information around eight weeks prior to sailing. Availability permitting, you will also be able to book on board with our Shore Excursion staff who will be pleased to assist you in selecting the excursions most suitable for your requirements.

Smoking Policy
Smoking is not permitted inside our ships. Consequently, all internal areas, comprising cabins, lounges, restaurants and other public rooms are non-smoking areas. Designated areas for smokers are available externally in selected areas of the open decks. We reserve the right to alter our smoking policy during the cruising season and should new national or international maritime legislation subsequently affect this policy, passengers will be informed on board accordingly. E-cigarettes or similar are only permitted to be used in designated smoking areas.

Special Diets
If you, or a member of your party, have a particular dietary requirement, we are able to offer the following dietary options: Gluten-Free, Lactose-Free, Low Cholesterol, Low Fat, Low Salt, Vegan and Vegetarian Meals. If you have not done so at the time of booking, please advise any requirements no later than two weeks prior to departure. Pre-packed Kosher and Halal meals are available but only if requested at least 6 weeks prior to sailing.

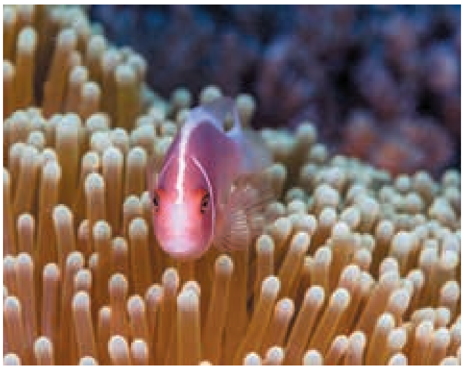
Technical Calls
A technical call, as highlighted by the * in the itinerary, is a short duration visit to a port which is made for a specific purpose only. Such reasons for scheduling a technical call include the taking on of fresh water or fuel oil or embarking or disembarking participants of an organised shore excursion which commences at one port and rejoins the vessel at another. It is not possible for independent passengers to go ashore during these brief technical calls.

Travel Insurance
It is a condition of booking that all passengers hold fully comprehensive travel insurance cover that is valid for the entire duration of your cruise holiday and provides health cover for all pre-existing conditions and the costs of medical repatriations. It should also include Personal Luggage insurance since there is a limited liability for loss or damage. South Quay Travel & Leisure Ltd is able to offer a comprehensive travel insurance policy to passengers that are booked directly with them and details are shown on pages 168-169. If you are booked through a travel agent or a tour operator, or opt not to purchase this insurance, you must give details of the alternative cover that you have in place, including the name of your insurer, policy number and most importantly the telephone number of the insurer's Emergency Assistance service. You may be refused boarding if you are unable to provide this information.

Valuables
Each cabin has the facility of a personal safe for your valuables and important papers. The Company is not responsible for any theft or loss of any items not kept in the safety boxes. The Company does not accept responsibility for loss or theft of cameras, video cameras, chargers and other valuable electrical items which are your responsibility at all times.

Visas
Together with our preferred visa provider The Travel Visa Company, we are pleased to provide any British passport holders with a simple online solution to all your visa requirements. Detailed visa information specific to your cruise, any required documentation needed to support applications, plus the official application forms can all be found on the Travel Visa Company's website. Please visit thetravelvisacompany.co.uk or call on 01270 250 590. Please note that as you are travelling by sea, your visa requirements may be different to the standard advice supplied for air travel. Your visa requirements may differ if you do not hold a British passport. You should contact relevant embassies or consulates for further advice. It is a passenger's own responsibility to ensure that they hold the correct documentation to visit the countries shown on their chosen itinerary. Failure to have the correct documents prior to sailing will result in you being denied boarding.

Visitors
Due to the stringent security measures in force, it is regretted that it is not possible to allow visitors on board our vessels during their calls to UK ports.



Booking Conditions

These conditions form the basis of your contract with South Quay Travel & Leisure Limited (ATOL 4619 and ABTA V9945) trading as Cruise and Maritime Voyages. The following are the key terms of our contract with you. **Our full booking conditions can be found online at www.cruiseandmaritime.com** and contain additional important limitations and exclusions of liability. **Please read them before we confirm your booking.**

1. Payment and cancellation
You will be required to pay a deposit on booking. Your balance payment is due no less than 90 days prior to departure. If we do not receive all payments due in full and on time, we reserve the right to treat your booking as cancelled by you and the cancellation charges set out below will be payable. Notice of cancellation must be sent to us in writing and it will take effect when it is received by us. Since we incur costs in cancelling your arrangements, you will have to pay the applicable cancellation charges up to the maximum shown below (The cancellation charge detailed is calculated on the basis of the total cost payable by the person(s) cancelling excluding insurance premiums and amendment charges which are not refundable in the event of the person(s) to whom they apply cancelling):-

Date Cancellation received	Cancellation
More than 90 days before departure	Deposit
71 - 89 days before departure	30% of total price
50 - 70 days before departure	50% of the price
29 - 49 days before departure	75% of the price
28 days or less	100% of total price

No refunds will be made for tickets or services booked but not used, or for insurance premiums or alteration charges. Note: Certain arrangements may not be amended after they have been confirmed and any alteration could incur a cancellation charge of up to 100% of that part of the arrangements in addition to the charges detailed above.

2. Prices
We reserve the right to amend the price of unsold holiday arrangements at any time and correct errors in the prices of confirmed arrangements. We will not be liable for booking errors which are attributable to you or which are caused by unavoidable and extraordinary circumstances as defined in clause 7. The price of your confirmed arrangements is subject to variations which occur solely as a direct consequence of changes in (a) the price of the carriage of passengers resulting from the cost of fuel or other power sources; (b) the level of taxes or fees on your confirmed arrangements imposed by third parties not directly involved in the performance of the package, including tourist taxes, landing taxes or embarkation or disembarkation fees at ports and airports; or (c) the exchange rates relevant to the package.

Price variations will be calculated by applying the cost differential we experience as a result of the above factors. Prices may go up or down and we will notify you about any variation by sending you a calculation explaining the variation no less than 20 days before you are due to depart. If that means that you have to pay an increase of more than 8% of the price of your arrangements (excluding any insurance premiums, amendment charges and/or additional services), we will offer you the options in clause 11. If prices go down as a result of the above factors, a reflective refund will be made, but we/the applicable supplier will also deduct our administrative expenses from what is owed to you and this may extinguish the value of the refund due. Also, note that travel arrangements are not always purchased in local currency and some apparent changes have no impact on price due to contractual protections in place.

3. Alteration by you
Amendments will be approved at our discretion. Where we can meet a request to alter confirmed arrangements, changes will be subject to an administration fee of £50 per person per amendment (or 25% of the total cruise fare if requesting a change 90 days or less before departure) as well as any applicable rate changes or extra costs incurred as well as any costs incurred by ourselves and any costs or charges incurred or imposed by any of our suppliers. Only one amendment per booking can be made per fee paid and within 90 days any changes may not be approved and may be treated as a cancellation and re-booking. Any transfer of booking from one cruise to another may be considered as a cancellation and re-booking.

4. Complaints, special requests and fitness to travel
If there is a problem during your holiday, you must report it to your supplier immediately and send us full written details within 28 days of your return. Failure to take either or both of these steps may prejudice our ability to resolve your problem and / or investigate it fully. In consequence, any right to compensation you may have may be extinguished or reduced. We can also offer you ABTA's scheme for the resolution of disputes. If we can't resolve your complaint, go to www.abta.com to use ABTA's simple procedure.

If you have any special request, you must advise us in writing at the time of booking. Although we will endeavour to pass any reasonable requests on to the relevant supplier, we regret we cannot guarantee any request will be met unless we have specifically confirmed this.

We will give you information about whether the arrangements you have chosen are generally suitable for persons with reduced mobility but if you or any member of your party has any precise medical problem or disability which may affect your chosen arrangements, please provide us with full details before we issue our confirmation. We will only provide precise information on the suitability of the trip or holiday taking into account your needs if you specifically request us to do so. Acting reasonably, if we are unable to properly accommodate your needs, we will not confirm your booking and/or if you did not give us full details at the time of booking, we will treat it as cancelled by you when we become aware of these details. We and the supplier concerned reserve the right to refuse boarding in the event that we reasonably feel that an individual is not fit to travel.

5. Financial Protection
We provide security for flight inclusive holidays by way of a bond held by the Civil Aviation Authority under ATOL number 4619. When you buy an ATOL protected flight or flight inclusive holiday from us you will receive an ATOL certificate. This lists the flight, accommodation, car hire and/or other services that are financially protected, where you can get information on what this means for you and who to contact if things go wrong. We, or the suppliers identified on your ATOL Certificate, will provide you with the services listed on the ATOL Certificate (or a suitable alternative). In some cases, where neither we nor the supplier are able to do so for reasons of insolvency, an alternative ATOL holder may provide you with the services you have bought (at no extra cost to you). You agree to accept that in those circumstances the alternative ATOL holder will perform those obligations and you agree to pay any money outstanding to be paid by you under your contract to that alternative ATOL holder. However, you also agree that in some cases it will not be possible to appoint an alternative ATOL holder. In which case you will be entitled to make a claim under the ATOL Scheme (or your credit card issuer where applicable). If we, or the suppliers identified on your ATOL certificate, are unable to provide the services listed (or a suitable alternative, through an alternative ATOL holder or otherwise) for reasons of insolvency, the Trustees of the Air Travel Trust may make a payment to (or confer a benefit on) you under the ATOL scheme. You agree that in return for such a payment or benefit you assign absolutely to those Trustees any claims which you have or may have arising out of or relating to the non-provision of the services, including any claim against us, the travel agent (or your credit card issuer where applicable). You also agree that any such claims may be re-assigned to another body, if that other body has paid sums you have claimed under the ATOL scheme.

When you buy an ATOL protected flight or flight inclusive holiday, all money accepted from you by a travel agent acting as our agent is held by that agent on behalf of and for the benefit of the Trustees of the Air Travel Trust at all times, but subject to the agent's obligation to pay it to us for so long as we do not fail. If we do fail, any money held at that time by the agent, or subsequently accepted from you by the agent, is and continues to be held by that agent on behalf of and for the benefit of the Trustees of the Air Travel Trust without any obligation to pay that money to us.

South Quay Travel & Leisure Ltd are members of the Association of British Travel Agents (ABTA No: V9945). Cruise holidays that do not involve air travel are ABTA bonded. As a member of ABTA you have the benefit of ABTA's assistance and Code of Conduct. We provide full financial protection for your money. Please ensure you retain the booking confirmation/invoice form as evidence of your booking. Please note this protection will not cover any monies paid back to you by your Travel Insurance or any losses which are recoverable under another bond or insurance.

6. Our Responsibility

In relation to bookings of Packages

Where we refer to a 'price reduction' in this clause, we mean that we will give you an appropriate reduction in the price you paid for the arrangements affected for any period during which there was lack of conformity, (unless that lack of conformity is attributable to you). Where we refer to 'compensation', we will pay you appropriate compensation without undue delay for any damage which you sustain as a result of any lack of conformity subject to the limitations and exclusions in section B of this clause.

A. Our responsibilities differ according to what you have booked:

In relation to bookings of Packages

> We accept responsibility as an "organiser" under the Package Travel and Linked Travel Arrangements Regulations 2018. Subject to these booking conditions, if we fail to arrange or perform your package arrangements in accordance with our agreement, we will remedy any resulting lack of conformity. If that is impossible or entails disproportionate costs (taking into account the extent of the lack of conformity and the value of the arrangements affected), we will instead pay you compensation subject to clause B of this clause. Please note that it is your responsibility to show that we or our supplier(s) have been negligent if you wish to make a claim against us.
>
> Please note that it is a condition of our acceptance of the responsibility above that you inform us and the supplier(s) concerned without undue delay of the lack of conformity you perceive; and allow us a reasonable period in which to remedy it. Please contact our Guest Services Manager on board via Reception.

In relation to all other bookings

> We have a duty to select the suppliers of the services making up your booking with us using reasonable skill and care. Except as stated otherwise in these terms, we have no liability to you for the actual provision of the services, except in cases where it is proved that we have breached that duty and damage to you has been caused. Therefore, providing we have selected the suppliers using reasonable care and skill, we will have no liability to you for anything that happens during the service in question or any acts or omissions of the supplier, its employees or agents.

B. Limitations of responsibility

In these terms and conditions, our responsibilities are limited, and duty to pay compensation is limited as follows:-

We will not be responsible, make a price reduction or pay you compensation for any lack of conformity injury, illness, death, loss, damage, expense, cost or other claim of any description if it results from:-

> (a) the act(s) and/or omission(s) of the person(s) affected;
>
> (b) the act(s) and/or omission(s) of a third party unconnected with the provision of your arrangements and which were unforeseeable or unavoidable; or
>
> (c) Unavoidable and extraordinary circumstances as set out in clause 7.
>
> We will not be responsible, make a price reduction or pay compensation:-

Booking Conditions

a) for services or facilities which do not form part of our agreement or where they are not advertised by us. For example any excursion you book while away, or any service or facility which your hotel or any other supplier agrees to provide for you.

b) for any damage, loss or expense or other sum(s) of any description which arise on the basis of the information given to us by you concerning your arrangements prior to them being confirmed, we could not have foreseen you would suffer or incur if we breached our contract with you; or that relate to any business.

Any price reduction or compensation that is payable will be calculated taking into consideration all relevant factors for example (but not limited to):-

(a) whether or not you have followed the complaints and notifications procedure as described in these conditions. It is a condition of our acceptance of liability under this clause that you notify any claim to ourselves and our supplier(s) strictly in accordance with the complaints procedure set out in these conditions.

(b) the extent to which ours or our employees' or suppliers' negligence affected the overall enjoyment of your arrangements.

(c) deduction that we must make to take account of any money which you have received or are entitled to receive from any transport provider or hotelier for the complaint or claim in question.

(Please also note that where any payment is made, the person(s) receiving it (and their parent or guardian if under 18 years) must also assign to ourselves or our insurers any rights they may have to pursue any third party and must provide ourselves and our insurers with all assistance we may reasonably require.)

Luggage or personal possessions and money

The maximum amount we will have to pay you in respect of any claim for loss of and/or damage to any luggage or personal possessions or money is an amount equivalent to the excess on your insurance policy which applies to this type of loss per person in total because you are assumed to have adequate insurance in place to cover any losses of this kind.

Claims covered by an International Convention

When arranging transportation for you, we rely on the terms and conditions contained within any applicable International Conventions. The extent of or the conditions under which compensation is to be paid or liability accepted will in all cases be limited as if we were carriers under the appropriate Conventions, which include The Warsaw/Montreal Convention (international travel by air); The Athens Convention (with respect to sea travel); The Berne/Cotif Convention (with respect to rail travel) and The Paris Convention (with respect to hotel arrangements). You can ask us for copies of these Conventions.

Any other claims which don't involve injury, illness, death or damage caused by us or our suppliers intentionally or negligently; or other liability that can't be limited by law

The maximum amount we will have to pay you in respect of all such claims is three times (twice in the case of arrangements which aren't packages) the price paid by or on behalf of the person(s) affected in total. This maximum amount will only be payable where everything has gone wrong and you or your party has not received any benefit at all from your arrangements.

Assistance to those travelling on a package in the event of difficulty or unavoidable and extraordinary circumstances

Where you have booked a package, we will provide appropriate assistance without undue delay in the event that you experience difficulty including where you are unable to return to your agreed point of departure because of unavoidable and extraordinary circumstances as set out in clause 7. Such assistance will extend to providing appropriate information on health services, local authorities and consular assistance; and helping you to make distance communications and to find alternative travel arrangements. We will charge a reasonable fee for such assistance if the difficulty is caused by you intentionally or as a result of your act or omission. In the event such assistance is needed please contact our Guest Services Manager on board via Reception.

7. Unavoidable and extraordinary circumstances

Except where otherwise expressly stated in these booking conditions we will not be liable or give you a price reduction or compensation if our contractual obligations to you are affected by unavoidable and extraordinary circumstances beyond the control of the party who seeks to rely on them which we or the supplier(s) of the service(s) in question could not avoid even if all reasonable measures had been taken. These events can include, but are not limited to war, threat of war, civil strife terrorist activity and its consequences or the threat of such activity, riot, the act of any government or other national or local authority including port or river authorities, industrial dispute, lock closure, natural or nuclear disaster, fire, chemical or biological disaster and adverse weather, sea, ice and river conditions and all similar events outside our or the supplier(s) concerned's control. Advice from the Foreign Office to avoid or leave a particular country may constitute unavoidable and extraordinary circumstances.

8. Behaviour
If in our opinion or in the opinion of any other person in authority, your behaviour or that of any member of your party is causing or is likely to cause distress, danger or annoyance to any of our other guests or any third party or damage to property, or to cause a delay or diversion to transportation, we reserve the right to terminate your booking arrangements with us immediately.

9. Travel Insurance
It is a condition of booking with us that you take out appropriate travel insurance. Details of a policy offering comprehensive cover at reasonable rates is available on request. You must reimburse us fully for any costs or losses we incur as a result of your failure to comply with this clause.

10. Information re passport/VISA requirements and health formalities.
The passport, visa and health formalities and any compulsory inoculations required for your cruise can be found on page 163 of this brochure. We do not accept any responsibility if you cannot travel, or incur any other loss because you have not complied with any passport, visa, immigration requirements or health formalities. You agree to reimburse us in relation to any fines or other losses which we incur as a result of your failure to comply with any passport, visa, immigration requirements or health formalities. Any cancellation that arises due to visa/passport requirement will be subject to the cancellation charges detailed above.

11. Delays, changes and cancellations.
Timings are estimates only and cannot be guaranteed, even if shown on tickets. Delays cannot be avoided but in such situations, in conjunction with our local agents or representatives, we will try to ensure your comfort during the course of any delay.

We reserve the right to make changes to your confirmed booking. If we have to make a significant change to or cancel your booking before departure, if there is time to do so before departure, we will offer you the choice of accepting the changed arrangements, purchasing an alternative holiday from us or cancelling and receiving a full refund of all monies you have paid to us. You must notify us of your choice within 7 days of our offer. If you fail to do so, we will contact you again, re-iterating the above choices and if you again fail to respond within 7 days, we may terminate the contract and refund all payments made by you.

If we become unable to provide a significant proportion of your package arrangements after you have departed, we will try to offer you suitable alternative arrangements of, where possible, equivalent or higher quality than those specified in the contract. If the alternative arrangements we make are of a lower quality than those you originally booked, we will make a price reduction. Where our original agreement included return transport we will also provide you with equivalent transport back to your place of departure without undue delay or additional cost. You may reject the proposed alternative arrangements only if they are not comparable to what we originally promised to provide or if the price reduction we offer is inadequate.

Where you have booked a package, you may if appropriate be entitled to compensation subject to the limitations and exceptions set out in our full booking conditions.

12. Brexit Implications
Please note that some travel arrangements may be affected as a result of the United Kingdom's decision to leave the European Union. This could include an unavailability of certain flight routes and access to certain ports and airports. This is something we will continue to monitor and will advise you as soon as possible if we become aware of any confirmed bookings that will be affected. However, as this is completely unprecedented and outside our control, we would treat any such changes as Unavoidable and Extraordinary Circumstances, and whilst we will endeavour to provide suitable alternative arrangements or refunds where possible, we will not be liable to pay you any compensation.

Maritime Passenger Rights EU Regulation 1177/2010

Definition

'Disabled Person' or 'Person with Reduced Mobility' means any person whose mobility when using transport is reduced as a result of any physical disability (sensory or locomotor, permanent or temporary), intellectual or psychosocial disability or impairment, or any other cause of disability or impairment or as a result of age, and whose situation needs appropriate attention and adaptation to his/her particular needs for the services made available to all passengers.

The following sections (except 'delay' and 'complaints' which apply to all passengers with confirmed bookings) apply to you if you are a Disabled Person or a Person with Reduced Mobility. Where the below information conflicts with our booking conditions, the information below shall take priority to the extent of any inconsistency.

Information

CMV's priority is always the comfort and safety of its passengers. We will give you information about whether the arrangements you have chosen are generally suitable for persons with reduced mobility and at the time of booking we will also ask you to provide as much detail as possible of the matters given below so that the company can consider its obligation to carry the passenger in a safe or operationally feasible manner, taking into account any issues relating to the design of the passenger ship or port infrastructure and equipment including port terminal which may make it impossible to carry out the embarkation, disembarkation or carriage of the passenger which may have an impact on the passengers safety and comfort.

The passenger is asked to provide full details at the time of booking if the passenger is unwell, infirm, disabled or has reduced mobility:

a. If the passenger requires a special disabled cabin, since there are a limited number of these available and since CMV would like to, wherever possible, accommodate the passenger so that the passenger is comfortable and safe for the duration of the cruise
b. If the passenger has any special seating requirements
c. If the passenger needs to bring any medical equipment on board
d. If the passenger needs to bring a recognised assistance dog on board the vessel. Please note that assistance dogs are subject to national regulations

In the event that CMV determines that it is able to provide access to a cruise following its assessment of the above, the passenger must arrive in sufficient time before departure to enable CMV to facilitate such access.

Accompanying Person

Where CMV considers strictly necessary for the safety and comfort of the passenger and in order for the passenger to fully enjoy the cruise, it may require the disabled person or persons with reduced mobility to be accompanied by another person who is capable of providing the assistance required by the disabled person or person with reduced mobility. This requirement will be based entirely on CMV assessing the need of the passenger on grounds of safety and may vary from vessel to vessel and/or itinerary to itinerary.

Medical Equipment

It is important that passengers contact the manufacturer or supplier to ensure that any medical equipment they are intending to bring on board is safe to use. It is the responsibility of the passengers to arrange delivery to the docks prior to departure of all medical equipment and to notify the company prior to booking if they need to have medical equipment on board so that the company can ensure that the medical equipment can be carried safely. It is the passenger's responsibility to ensure that all medical equipment is in good working order and for arranging enough equipment and supplies to last the entire voyage. The ship does not carry any replacement and access to shoreside care and equipment may be difficult and expensive. Passengers must be able to operate all equipment.

Limitation

Subject to clauses 6 and 7 of these booking conditions, the cost of loss or damage to mobility and other medical equipment caused by the fault or neglect of CMV, its sub-contractors or agents is subject to CMV's absolute discretion to either repair or replace the equipment. Except where CMV agrees otherwise and in writing at the time of booking, passengers are restricted to having on board the vessel two pieces of mobility or other medical equipment with a combined value not exceeding £2200 per cabin.

Delay

Where CMV reasonably expects the departure of a cruise to be delayed for more than 30 minutes beyond its scheduled departure time, passengers will be informed of the delay and the estimated time for departure and arrival of the resumed service. Where the cruise is reasonably expected to be delayed more than 90 minutes beyond its scheduled departure time, passengers departing from the port terminal shall be offered free of charge snacks, meals or refreshments as are appropriate given the waiting time, provided they are available and can reasonably be supplied. If the delay in departure necessitates a stay of one or more nights or a stay additional to that intended by the passenger where and when physically possible CMV shall, subject to clauses 4 and 7 of these booking conditions, offer passengers departing from port terminals free of charge adequate accommodation on board or ashore, and transport to and from the port terminal and place of accommodation in addition to the snacks, meals and refreshments previously referred to. The maximum amount that CMV will pay for accommodation ashore and transport to and from the port terminal shall be equivalent to 80 Euros per person per night for a maximum of three nights. CMV will not have an obligation to provide such accommodation ashore where the delay is caused by weather conditions endangering the safe operation of the ship or where the cancellation or delay has been caused by you.

Complaints Procedure

Complaints relating to EU Regulation 1177/2010 concerning the rights of passengers when travelling by sea and inland waterways must be made to the company within two months from the date on which the service is performed. Within one month the company shall respond to the passenger that the passenger's complaint has been substantiated or rejected or is still being considered. However, the time taken to provide the final reply shall be no longer than two months from the receipt of the complaint. If your complaint remains unresolved it will be referred to ABTA or another appropriate independent complaints handling body.

Travel Insurance

It is a condition of booking a cruise holiday with us that you have taken out appropriate travel insurance cover.

We are pleased to offer a fully comprehensive travel insurance policy arranged by Gold Cover Insurance Services and insured by Union Reiseversicherung AG. UK. This policy has been specially chosen to give you peace of mind about coping with unforeseen events that could occur either before or during your holiday. Your attention is drawn to item 2 of the booking conditions covering the cancellation penalties and therefore it is advisable that insurance cover is taken out at the time of booking to cover any potential charges.

This insurance policy is available only to persons who are currently legally resident in the United Kingdom (including Channel Islands, Isle of Man and Northern Ireland).

This is only an outline of the cover provided per person. A specimen copy of the full policy wording is available on request.

Conditions

1. Ages apply at date policy is issued (except for children under 3)

Failure to do this may result in a declined claim. You do not need to contact the Healthcheck line if you have only **ONE** of the Accepted Medical Conditions listed under 'Important Medical Questions' and their terms listed in your policy wording.

Commencement of Cover

For single trip policies your cover does not commence until your policy documentation has been issued and your payment has been processed.

b) to make sure that all information supplied as part of your application for cover is true and correct;

Failure to provide answers in-line with the requirements of the Act may mean that your policy is invalid and that it does not operate in the event of a claim.

Excesses

Most sections of your policy are subject to an excess as shown in our Summary of Cover and in your policy wording. This means each person will have to bear the first part of each claim.

Activities
